

Eye-sight Protection Film for Monitor [Matte] - Datasheet

Specification

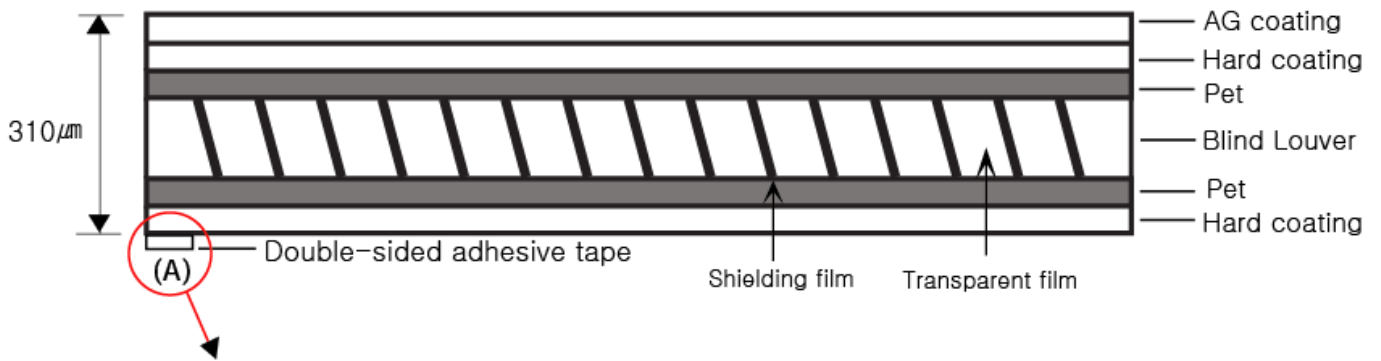

Item name : Eye-sight Protection Film for Monitor [Matte]

Item	Specification	Remark
Product	Eye-sight protection film	KEM
Brand name	Blindscreen	KEM
Application	ATM, LCD Monitor, Notebook, Kiosk,etc	
Width	Depend on monitor size from 4" to 30", ±0.5mm	KEM
Length	Depend on monitor size from 4" to 30", ±0.5mm	KEM
Film thickness	0.31mm ± 0.05mm	
Adhesion material	Both side adhesive tape	
Adhesion thickness	0.015mm ± 0.005mm	
Transmittance	70% ± 5%	
Surface gloss	Anti-glare coating on user side Anti-bacterial coating on user side Ultra-Violet Hard coating on user side	
Surface hardness	3H ± 1H	
UV reduction	95 ± 4%	
Temperature test	80° ~ -20°C	48hrs Test
Materials	PET, Plastic resins, Carbon, Silicon, etc	KEM
* Production shall be subject to change.		

Eye-sight Protection Film for Monitor [Matte] - Datasheet

Composition

Item name : Eye-sight Protection Film for Monitor [Matte]

(A) : double-sided adhesive tape to attach film on LCD
